This is our first time for Christian in Cambodia come together to celebrate One Hundred Years of the Gospel of Jesus that come to Cambodia in 1923-2023 by American couple. This is our joyful heart that we able to celebrate this special event to remember The servant of God who scarified their life and their comfortable zoon and leave their country to a very far land to spread the love of Jesus and God's salvation the lost in Cambodia.

They are the Hero of faith that obey God's command as said in Matthew 28:18-20. As the result, by now there are million of Cambodia People heard the Gospel and more than 1000 Churches planting and ten thousands come to know Jesus and there are about more than 200,000 attending Churches through local Christians and missionaries from outside especially from America and South Korea.

Cambodia population about 17 millions, about more than 90% are Buddhist, about 5% are Muslim, about more than 2% are Christian. Base on this statistic, it seems a bit slow of growing Christian as may be some reasons:

- **First** Cambodia use to be very strong Buddhist at the start.
- **Second**, Cambodia go through many civil wars and suffering, specially during 1975-1979 that go down to zero (0) every thing was destroyed, then 1979 we were under strong communist supported by Vietnam regime from 1979-1992. In 1993 Gospel start to open have some freedom, by today, we thank God there no strict from the government. The government allowed us freely to practice and freely sharing Christ to other both mass evangelism and personal evangelism. We really thank God about that.
- **Third**, We lack of main power and resources, lack of full time Pastors and Workers, most prefer to be part time because most of them not have enough resources to provide their family living need. This is some reasons, but we should not look of this reasons, we must look to God and see how God can use us to bring transformation to the lost and to the nation. God can do mightily if are willing to allow us to use by God.

During Covid19 spread, it seems Christian activities are quiet, down and weak, but now it seems wake up, rise up and come back again. We thank God about that and we do hope and pray that from now God will help us to make a different.

This Event honor by Prime Minister, Deputies, Ministers, Prime Minister's son
And many other high ranking attended this program

Prime Minister was invited to speak during Opening ceremony

He spoke with very supportive Christian and he encouraged all Christians and Christian leaders work together as unity to avoid divided that make conflict.

During Chinese New Year. He said that he is not a Chinese and he don't Join any Chinese culture and worship.

It seem that, he is like Joseph of Arimathea Or Nicodemus Christian, we don't know, but pray that he and his family become Christian.

This is Prime Minister's son (Hun Maneth) He was invited to speak at closing ceremony. He use to study at the US West Point. He was promoted to be next prime minister. He also spook very supportive Christian, he said that he use to go to Church at west point. We are not sure he Christian or not but Expose to the Gospel a lot and pray that Jesus will touch him that he will surrender his life to GOD

We Give thank to God by now we have some Christians that have position in the government. Such as this man (H.E Sear Sopheak), he is the secretary of state in ministry of religion. He is the one who invited Prime Minister and others to attend this event.

There are more in the government sector, but some just hide their faith, please pray that they rise up and shine like this man.

He is also friend of mine, we help each other in some way.

Minister of Religion was invited to speak in the evening of first day.
He also spok with supportive Christian.

Overall, we really give thank to God that God use the government not to oppose His work, but instead supportive.

Now is not an obstacle to deal with government but the problem how we going to serve God while the door is open widely?

I was invited to speak at Business dinner to challenge and encourage them to give For this event.

Mission:

Bringing life transformation by
outreaching and discipling to
accomplish the great
commission and being the
channel of blessings to others

We celebrate God's goodness and Blessings for the past 15 years

Our GCF leaders

Faithful men and women

Some of our former dorm students

They are so happy that they can wear nice dress
To celebrate God goodness that they involve
To serve for the past many years

Fellowship after the program

Blessing dance perform by our dorm students

After staying in the dorm for about two years now she become dorm one of Dorm leader.

She is sharing how dorm blessed her life.

Almost 32 years (1991-2023) that call me to serve Him and 15 years (2007-2023) that call me and my wife to start GCF Church and GCF Church ministry.

We want to celebrate God's goodness and blessing for 15 years of our GCF ministry. We want to give God praise and honor to Him for His faithfulness and continue to keep us in the field.

For the past 15 it is not an easy time, we go through A lot of challenges and difficulties and sometime we Want to give up the duty because of challenge that it hard to bear. But when we look to cross for more than 2000 years ago, how God has done to us and in this reason it give me strength continue to serve our mighty God without complain or give up the call

Also for the past 32 of the service and 15 years of starting Church planting for without your prayer, encouragement and support, we may not able come to this day, we here today because of you stay with us in any situation. We are so blessed by your love from your heart.

Please continue to stay with us to fulfill this great mission until the end and until God call to be with Him and to celebrate with Him together from we have done one earth.

From my whole heart we want to say thank you and God bless us all.

15 Years Anniversary of GCF Message

29/01/2023

I am so **impressing** and very happy that we able to celebrate for our 15 years of our Church Anniversary. 15 years of God's goodness and blessing for our Church.

First, I want to say thank you to all of you who join with us this morning.

Second, I want to give thank and honor for those who faithful serve GCF from the start.

Third, I want to give thanks to our congregation who continue to be faithful and passion to serve God and GCF.

Fourth, the most give thanks is to our mighty God, who help us start GCF and bless our Church until today. Thanks for His goodness and Blessings
We want to honor and Glorify His Name for His grace and Mercy to us.

GCF exited today because all of you, not just one or few people, but we all together that make it happens today and for the future.

Some are here and some are not here today, but you all are in the **history book** who help start GCF. Without everyone there are impossible.

Also, GCF come to this day because our dear **friends from the US** who stay with us in prayer and support since the beginning.

Even as **my family and I** is the **founder** who help start and we do our best and our ability to keep GCF running, but without you all, we may not able to stand strong until today (Amen)

You are blessed, we are blessed and everyone blessed, most of you are blessed by GCF and so every part is blessed (Amen)

Some of you become, **Christian leader, business owner, Pastors, Missionary...** or even you got beautiful wife or husband through GCF, so GCF is a channel blessing to us, so there are many things that you **should proud off and thank for**, even some of you not able to join GCF anymore that God call them to do different thing according to His will.

We are here today is the **witness on how** GCF ministry start and blessed you specially DORM Students and many other congregations.

15 years, there is a time to rejoice, a time of sad. A time to success and also a time of failure and facing difficulty and challenge. A time to cry and a time to laugh. A time to fall, a time to stand... God touch as different ways to help grow and stand strong that we move forward and the better thing in the future that lay ahead for us.

I am so thankful to God that I can stand with you until today as you know 15 years, I faced so many challenges and difficulty almost give up sometimes and I am thankful to God for you all continue to stand with me from the beginning, now and until very end.

We will **continue to stand together** stronger and stronger to expand the kingdom of God until the Lord come or until we meet the Lord in Heaven (Amen)

-**For the past 15** years we are work hard to reach the lost and want to expand the kingdom work bigger, we want to reach **ten thousand of people**, We want to see thousands people come to Church, we want to plant more Churches, we want to see **hundreds** of students stay in our dorm... But even we are not reach to our goal, but we able to accomplish a lot of thing and we see good result from that, but Are you **satisfy** with this result? Am I satisfy with this result? NO

What do you think? **Do you want to see GCF ministry** grow bigger and stronger? Do you want to see more soul get save? Do you want to see more Church planted? Do you want to see more **Dorm and hundreds** of students come to know to the Lord and be disciple? You have to answer it, we have to answer it, if we are God's children and have burden

and passion for the Lord and the lost, you have to answer YES LORD I WANT TO SEE IT HAPPEN. If you say **YES LORD**, what you going to do? You can't say YES by word by do nothing, *if you do nothing, nothing will happen, unless we do something.(Amen)*

God gave us very **special gift, a gift worth** with life, it is a gift of salvation that no one can do, so we just can't keep alone, we need to share. Also, God gave us **difference GIFT, difference talent** that God can use, that we can serve God, but many just keep it, not share it, not serve it and just think about your own interest by let other doing it. **This is the reason that**, Churches are not grow even **dying** and **closing** and many workers and Pastor **stop** their duty and back to work in secular sector to provide their need.

This is the reason of **selfishness** by not sharing and contributing of your gift to serve God and God's ministry. **Work can't grow by what** we say, but by what we do, it means that do what you say.

Give what you get and you do it from your cheerful heart with generously and joyfully. If everyone just contributes by give a bit, share a bit, serve a bit. **A bit + A bit = BIG+BIG = BIGGER** and STRONGER. But if you don't share a bit, there will be nothing and **nothing will happen**, it just on the **sky that never come true**. This is how the work of God suffering and dying.

But if we do what we say and give what we get, the work of God become Gigger and Gigger, Stronger and Stronger that nothing can't stop. This is how the work of God grow, this is how the work of God become **BIGGER and STRONHER (Amen)**

Do you want to see it happen? Then **apply** it, active **involve** with it and **doing it** then you will see the **wonderful result** that GCF will not be the same, the mission work will not be the same and our nation will reach (Amen)

If you are passionate about something will **motivate your heart** to do something to achieve your goal.

Do you know or remember the **story of Nehemiah**? The story is a bit long that I can't explain just in a few minutes, but you can read the Book of Nehemiah you will know what happened...

When **Nehemiah heard that the wall of Jerusalem was destroyed**, then he cried, sorrow, fast and pray for three days. Then the king asked him why your face is sad while the wine is full... Read Nehemiah 2:1-6.: **Why Nehemiah**, sad and sorrow when he heard this news? Because he has a heart for God, for His people and for His Temple, he can't stay in the palace with **luxury things**, when God's temple was destroyed and His people were scattered. His heart was compassion for God and His Temple.

Then he decided to ask the king to allow him to go to fix and rebuild the wall. This is a very difficult job but why he decided to do that.

Many Christians when they become prosperous with many luxuries things, they just stay comfortable, they don't want to go out, they don't want to do **difficult jobs**, they don't want to serve God or even they **forget God** and even stop coming to Church and **ignore** the work of God. This is sad! They become **selfish** just for their own benefit, they were bound with the world and their wealth.

But remember that at the end everything will go and will face God's judgment... But this is not in Nehemiah's heart, when he heard this bad news, his heart **was melted**, and sorrow and sad, then he tries to find the way how to rebuild back the wall of Jerusalem...

How many of you have the **heart of Nehemiah's heart** when you heard the bad news and the urgent need of building the kingdom of GOD?

The **world and our country** are facing the same need that we need to rebuild and the need to bring God's salvation to the lost and to build His Church.

Do you see **this real need**? Do you see the **urgent** need that you need to help?

So, the **king was granted for Nehemiah** to go to Jerusalem to rebuild the wall that was destroyed. When he arrived there, he **encourages and challenges** people who remain to help and rebuild, but some are like that, some don't like and he also faced a lot of mock and persecution from enemies. It seems almost impossible to rebuild the wall.

So, **one hand builds the wall**, other hand carry **weapon** face with the enemy, but Nehemiah never give up even those this job very difficult, but he have to finish this job, so at the end he is **able to finish this only take 52 days** and everything was restored, then enemy become afraid

Read Nehemiah 6:15....Amen

What do think about this story? What this story touch you? Why Nehemiah able to finish his job?

Do you have the **heart of Nehemiah's heart**? Do you have compassion heart like Nehemiah? THEN

You can do what Nehemiah do. Nehemiah can do, you can do, we can do, if we want to do, we can't do because we don't want to do.

Let come back for our Church and GCF ministry that God given us to fulfill.

What do you think? Do you want to grow the Church? Do you want to expand God's kingdom by reach more souls and build more Churches?

THEN you can do it, you can fulfill it, you can achieve it and you can do it as Nehemiah did?(Amen)

The Power is in your heart and in your hand. **Release** your power and use your hand then we can accomplish the work that God given to us.(Amen)

What do you want to see GCF on 2023? How many souls you want to reach? How many people you want to bring to Church? How **student** and how much dorm you want to have? How many Church you want to plant?

Can we decide together that this 2023, we want to plant **three new** Churches. We want to have **100** students stay in the dorm. We want to have **300** people come to worship.

CAN WE DO THAT? CAN WE ACHIEVE THAT? CAN WE REACH THATGOAL?

YES, WE CAN IF WE ALLOW GOD TO USE US. IF WE WILLING TO SACRIFY TOSERVE.

Nothing impossible with God and nothing **impossible** that we can't do, because God is with us as God with **Nehemiah** if you allow God to do and useus.

We can do all things through Christ who strengthen us(Amen)

I encourage you, those who are not able to go, then you can give. Those not able to give, then you can go. Go and Give is the same blessing and work, But if we able to GO and to GIVE is great. But If you don't want to go and don't want to give, what it means? How can we reach the goal, but I do hope that you will do and allow God to use you to accomplish His work and His mission that He given to us.

God Bless us all and us come together and serve God faithfully to accomplish what God given us to fulfill.
