# GCF CHRISTMAS CELEBRATION

Christmas is most the excited time that we can come together to celebrate the Savior Born and a special time to invite none believers to know the truth of Christmas meaning, because most people they don't know and confuse the real meaning of Christmas.

Last week Dec 18, our Church celebrated wonderful Christmas, everyone very happy, rejoice in the Lord, we have very good Fellowship. Our congregations brought a lot food eat together as family and also we invite more 20 none believers to join to know the truth. Praise the Lord, some of them received the gift of Salvation of our Jesus Christ to be born in their heart. We wish to invite more but sorry we can't invite more because our space is small and very full.

My message is a bout the real meaning of Christmas and the reason why we celebrate.

Most of Cambodia people are really confuse and doesn't know about it, they just think that Christmas is decoration of Christmas three in shopping center or hotels, it about Santa a man with red cloth and white beer, about holiday, about party drinking and eating....

We tell them the truth that we celebrate the heavenly God come down to the earth to be born in human, to took the human sins and punishment up on him and to die on the cross to shed his blood to pay our sins and He rose from the dead to give salvation to all who want to accept his special gift of salvation.

# FAMILY TRANSFORMATION

Mrs. Chiriya in the middle with red shirt is first believer about 8 years ago in the family.

Later she led two of her nieces not in the picture, four children, a brother with white shirt to the Lord that was baptized three weeks ago and her sister with purple dress.

About for the last two years, she faced a lot of challenge from her husband (stand near me, he came for Christmas) by tempting and persecuting her.

He told her, she can choose between family and her God.

1- If she continues to follow God, then he will not take care and he will leave the family. Yes, many times.

2- If she stops to believe in God, he will give her a car and a new house.

She feels so difficult and very upset.

She doesn't know how to make a decision, but she really loves God from her heart.

She keeps praying and tried to ask many people for help and give some advice about this on how she could do to solve this problem?

Some advice her she should obey and listen to her husband and many other advice that she should stop coming to Church...

Finally she asked me to give her advice, I told her between God and your husband and property which one is important to your life? She told me God, but she also doesn't want to lose her husband. I told her if you want your husband more than God, then you will lose your husband and if you want a new car and a new house, you also lost all of that, but if you lost your husband and all property because of GOD, He will give them all to you. Which one do you choose?

I told her: keep praying, keep love GOD, keep serve GOD, keep coming to Church, keep doing good by respect him and leave it all to God and God will do a miracle to your life and He will restore all back to you.

So happen after many months and after she did it? Worst or better? Surely, God is our living God, he is care for his children. Now she told me her family doing fine, one day her husband bring the family to Church. Please pray for him soon he will become God's children and the whole family will celebrate God's goodness. Never Give up continue to trust in GOD in difficult time then it will be fine, even sometime take a bit long time, but God never forget those who love HIM. Glory to God.

For this family from the white shirt at the left to right yellow t-shirt near me.

One of them believe in God first in the family, by their prayer and patient trust in the Lord, one by one come to know the Lord and almost the whole family except the farther is not decided to believe in God.

I told them keep praying there is nothing impossible with God. God can change your husband and the father's heart through prayer and show your goodness to him

This whole family come to Church, start loving God and some of her children involve with activities.

Praise the Lord and help pray for their Father soon God will call him and the whole family will rejoice with the Lord because everyone will go to heaven.

CHURCH RETREAT,  
BAPTISM AND OUTREACH

This is our first time to have Church retreat. We have wonderful time and fellowship to one another. We spent a night together with many program, but unfortunately around 9pm, there is big rain and strong wind that blew up all the tents that everyone have almost no place to sleep but this is very good memories that every enjoy very much.

Also we give some small gift to the villagers, there are more than 200 families came to listen the Word of God and many of them accepted the Lord.

Please pray that we will able to teach Bible.

We also gave them Four Spiritual that they can read at home to remember God that they can call to Him.

The commune leaders and Police leaders also come and we also sharing the word to them, they all supportive.

There are also more than 50 children come to sing and listen to the Word of God.

We plan to go back again around late March to bring some medical team to do some treatment and also continue to share to Word of GOD.

Please pray that we would have a Church that area that people can come to worship and the word of God will spread.

Seven of congregation got Baptized include my son David to proclaim their faith in publish that they will surround their life to Jesus and be a good follower.

There are around 7 to 10 congregation to have plan baptize on March.

We plan to have more fellowship and training next year that our congregation will come close together and strengthening one another to follow Jesus

UNIVERSITY DORMITORY  
MINISTRY

The man who standing is the dorm leader with his wife. They former dorm student, but they became dorm leader.

He lead the dorm with productive work and fruitful, we thank God for his sacrifice to serve student and lead students to know the Lord and to be God's follower.

Dorm ministry is very effective ministry become they will become business and professional very soon and they will bring God everywhere they go and work. They will influencer in their work place and society. They become backbone of the Church and mission work.

This is wonderful to build our next generation for our future kingdom work. Now we invest with them, but soon they will invest for the Lord.

How a wonderful if we have more dorm that would able to have more students to stay from 30 to 50 from 50 to 100. If so the student movement will take place and the kingdom work will grow and strong.

Can you help us pray about it and support this ministry that we can have more dorm? God bless your heart as you being part of this mission.

We have about 30 students staying in our dorm. They are mostly student from the provinces, come to the city for their education.

We rend a place for them to stay that they able continue for their study.

## All Together

When they come most of them not Christian, but now most of them become Christian and they involve to serve the Church.

**TODAY STUDENT BUT TOMORROW IS THE LEADER**

SPORT MINISTRY

SPORT is also a good toll for reaching out to youth, because they want to play sport.

My co- worker Pastor Vandeth and one of our new GCF's pastor (Pastor Rith), they do sport as an outreach toll. Ps Rith is use sport as away to reaching to military's children. He told me that before the military's children use drug, but now they stop because they are active in playing sport, he have good relationship to military's families.

Two of them are trainer and they have many groups. Please pray that God will use them to reach more youth for the Lord and this ministry will fruitful and productive.

These are his groups

# CAP YOUTH CONFERENCE

RESPONSE TO GOD'S CALL. This is our title of our youth conference this year. Normally we do have it every year, but we postponed two years because of Covid19. We have more than 150 youths from 8 Churches is our Church's group call (CAP)

Every Christian called by God to join God's mission to reach the lost as He commanded in Matt 28:18-20 but many are ignored the call and continue to stay in the comfortable zoon. As we know that people dying everyday with knowing God, so this is our obligation and responsible if we really love God.

Every Christian should do something big or small for God to save the lost before we leave earth to meet Jesus.

We are trying to build up and equip our next generation to carry the cross and the work of God that He entrust us to do, they will become strong foundation continuing the work, they will bring transformation to the nation if they equip well.

Please pray for them and also pray that next year our GCF Church will take responsible organizing for this youth conference.

EXPANDING  
THE KINGDOM WORK  
2023

Next year 2023, we have plan to expand the work 2023 starting from January.

Below is prayer items:

1- We plan to have two or three Churches planted. For sure one Church will start on January and another may start on March and if possible we want to start one more. We want to see the work of God grow, we want to see more souls get save, we want see more Churches planted, we want to see more Pastors to sacrifice to serve God and we pray that God will provide us some fund that we able to fulfill our plan and our dream.

2- We plan to expand one or two Dormitories for university students who need a place for their education in the capital city. This is very good strategy on reaching students for the Lord and very potential, because they are young, strong and they will become influencer in the near future to carry the work of God.

For now we have only one dorm and about 30 students that we teach them the Bible and now they involve serving the Church while they still study. How is wonderful if we have 100 hundred of them become believer, be train, be equip with Word of God and love Jesus, after they graduate, they will go everywhere and will bring Jesus to where they go and work.

Please join with us in prayer that our plan and our dream will come true and you will be the one can help help us to make it happen.

God bless you

This Couple is our GCF new Church, he already starting to worship with his key youth.

His work use sport as an outreach to young people and teaching music

Please pray for them. Thank you Brother Jeff and Roxanne who supporting them
